

New Castings

2 March 1994

Tech Talk No: **T008**
Product: **Aluminium Castings**
Part Number: **Listed Below**

To: **All Distributors**
Sydney Sales Department
Sydney Workshop

Several patterns have recently been shifted to Sydney from Liquip Victoria. The following castings will now be available to all distributors.

| Part Number | Description |
|--------------------|---|
| P8288 | Cast aluminium 90° elbow to fit 88 mm OD aluminium tube. |
| P8289 | Cast aluminium 90° elbow to fit 60 mm OD aluminium tube. |
| P8290 | Cast aluminium straight reducer to fit 88 mm OD aluminium tube one end and 60 mm OD aluminium tube other end. |

Note: The above castings all have recessed weld-prepared ends to simplify location and permit fillet welded joints.

| | |
|----------|--|
| AHR250-1 | Cast aluminium manifold for aviation hose reel. |
| AHR250-2 | Cast aluminium bearing housing for aviation hose reel. |
| AHR250-3 | Cast aluminium seal housing for aviation hose reel. |
| AHR250-4 | Cast aluminium spoke plate with brake. |
| AHR250-5 | Cast aluminium spoke plate plain. |

Note: All above items will be cast in AP601 grade aluminium.
